

Our Lady of the Prairie Catholic School

Something GREAT is happening.....

“Through the grace of the sacrament of marriage, parents receive the responsibility and privilege of evangelizing their children. Parents should initiate their children at an early age into the mysteries of the faith of which they are the “first heralds” for their children. They should associate them from their tenderest years with the life of the Church.”

-Catechism of the Catholic Church 2225

At Our Lady of the Prairie Catholic School, the teachers, staff, and volunteers are there to help and support you do your job as parents, raising the **Saints** of the next generation!

From a real Our Lady of the Prairie Catholic School Family – The Covingtons:

“Why do we send our kids to OLP? Faith! It is as simple as that.

We want to pass on the Catholic Faith to our children. In fact we are told in the Bible that it is our responsibility to teach our children, and what better way to supplement our at home teachings than to send them to a school that integrates God and the Catholic faith into everything they do. At OLP they are completely immersed in the Faith, whether it is religion, science or social studies, they are learning their Faith.

OLP has the flexibility to work with all children where they are. When we had a child born with special needs, our world was turned upside down and I remember the principal coming up to us and asking what she could do to help. She wanted to learn more so OLP would be able to accommodate our son when he was ready to start school. We thank the principal and all of the teachers for the love and support they have shown our family.

Our children that have graduated from OLP continue to point out how far ahead “academically” they are. We also have noted their advanced sense of self worth and self confidence. The total benefits of sending our kids to OLP may never be known to us, however the obvious ones are reasons enough.

When we moved to Minnesota 12 years ago we were looking for a Catholic Church that had a Catholic School, thankfully we found Our Lady of the Prairie School. OLP has become an extension of our family, from working the breakfasts to serving lunch to helping with fundraisers. We are surrounded by people, who we consider to be, our extended family. “People we want to hang out with.” You truly are influenced by the people around you!

OLP to us, is not just a church or a school, it is a foundation for our lives. We have gained far more from OLP than we ever thought possible. They say that what you get out of something is proportional to what you put in. In this thought, sign us up for the next thing at OLP!”
