A MESSAGE FROM FATHER MICHAEL . . .

Good Shepherd Sunday

The fourth Sunday of Easter is called Good Shepherd Sunday because the Gospel is always Jesus as the good shepherd who cares and tends to his flock. As members of that flock, we hear the invitation from Jesus to follow him. We must learn to trust, because Jesus assures us that he will even lay down his own life for our sake! Even when the road through life appears rocky and dangerous, we can be assured that Jesus remains with us. The Church guarantees that in the great gift of the Eucharist we are fed with the great gift of the Good Shepherd. That's what we get at Mass.

The Eucharistic presence of Our Lord strengthens us to be able to maneuver our way through life, especially when challenging conditions are put in our own paths. We remember that God loved us enough to offer himself as a sacrifice on the cross as if we were the only one in need of salvation. In the Gospel, Jesus tells us that the good shepherd is willing to risk his own life and gives us an example. God made himself a gift to us and we are called to be gift to others. The gift of the Good Shepherd is to imitate his way so that we can continue to recall Jesus as the Good Shepherd and lead others to him.

The Easter season is all about sharing the good news that God is alive and we are invited to share God's life. That's a wonderful message for us to communicate to others! As we imitate Jesus in caring for others may we always be grateful for the wonderful things that God does through his church!

God bless you,

Father Michael Kaluza

A Note from the Principal . . .

Congratulations!

American Legion Auxiliary Essay Contest Winners: Luke Hennen, 2nd place, 6th grade; MJ Kurvers, 1st place, 4th grade. The prompt: What Does Freedom Mean to Me? Nicely done, students and teacher, Mr. Lopahs.

Science Fair Advancement: William Scheff's PH level in bottled water science project advanced to the CSCOE Science Fair at Visitation High School in Saint Paul. William presented his project to three judges, answered science methods questions, and gained a greater understanding of the many creative science fair projects throughout the Archdiocese Catholic Schools. Nicely done, William. You represented OLP in a great way.

Saint Juan Diego March Saint of the Month: Saint of the month in Mrs. Hennen's 1st and 2nd grade class is Luke Berger. Luke is most like St. Juan Diego by his compassion for our Lord Jesus and devoted love for our Mother Mary. Luke studies prayer cards and saint books in our classroom. He shares his words of respect toward the Blessed Mother Mary with others. Luke cares about others when they do not feel well. He will let me know about a sick person who needs our prayers, and we pray for that person. Luke enjoys drawing religious pictures of Jesus, the cross, Holy people and sharing his joy through talking about them. ~ Mrs. Hennen

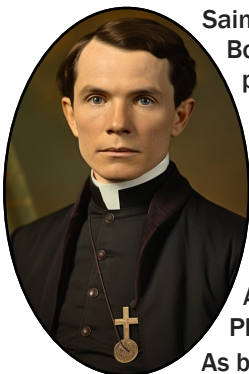

The Saint of the Month, from Mr. Lopahs' 4th, 5th, and 6th grade class is Garrett Simons. Like St. Juan Diego, Garrett is a hard worker and does whatever the task demands to get the job done. Throughout this school year Garrett has shown great patience and dedication in his school work as well as his spiritual life. As a result Garrett has become smarter and grown in his faith. St. Juan Diego was asked to do amazing and difficult things for his Faith. In the same way Garrett has become more open to God's Plan for him as a student, friend, and brother. Like St. Juan Diego, Garrett is very caring and treats everyone with compassion and respect. ~ Mr. Lopahs

Divine Mercy Chaplet: In honor of Saint Faustina, OLP students' last two Divine Mercy Chaplets will be: Wednesday, April 24 and May 15 at 2:15pm. All are welcome! This is a special prayer time as Mrs. Gleason leads us in song praying the Divine Mercy Chaplet.

Service Projects: Each month OLP PreK-6th grade students focus on a special Service Project: October raked leaves in three yards; November brought items and packed boxes of Joy that were sent to children across the ocean who are less fortunate; December performed at Kingsway Home Christmas Program, "Walking Through the December Saints". January making tie blankets for patients. February creating Valentine cards for families at Mary's Place in Minneapolis, March - 267 pounds of food delivered to local food shelf; April - Pick-up garbage on playground and local park. Mrs. Hendricks

A Word from Father Michael . . .

Saint John Neumann is credited as the founder of the American Catholic School system. He was born in 1811 in Bohemia and immigrated to the United States in 1836. Soon after his arrival in New York, he was ordained a priest for the diocese of New York.

Bishop Neumann, as a young priest, was the first to make his religious profession as a Redemptorist in the New World. He did this in 1842 in Baltimore at the Church of Saint James. Before his elevation to the See of Philadelphia at the age of 41, he had served as rector of Saint Philomena's, Pittsburgh, and Saint Alphonsus, Baltimore, as well as vice-provincial of this missionary order in America.

Recent research in the files of the State Department show that Bishop Neumann became a naturalized citizen of the United States at Baltimore on February 10, 1848, renouncing allegiance to the Emperor of Austria in whose realm he was born on March 28, 1811. On his 41st birthday, he was consecrated bishop of Philadelphia by Archbishop Francis Kenrick at Saint Alphonsus Church in Baltimore, in 1852.

As bishop, he was the first to organize a diocesan Catholic school system. A founder of Catholic education in this country, he increased the number of Catholic schools in his diocese from two to 100. He inspired many immigrants to have the parish educate their children in all matters – spiritual and secular. Ever since, the Catholic school system has continued to spread throughout the nation and we remain grateful to the work of Saint John Neumann for creating the American system of parochial schools.

Prayer

Saint John Neumann, you helped organize Catholic education in the United States. Please watch over all Catholic schools and help them be a model of Christianity in their actions as well as their words. Amen

Here's what's happening in the classroom . . .

PreK

April has been filled with adventure; we started the month with a "Who's Hatching?" Egg Animal theme. Students told stories with a duckling puppet, glued 8 legs on a spider headband and surprised their families with a googly eye snake. Students moved their bodies shaking "snake" scarves with a Hap Palmer classic *Sally the Swinging Snake*. Our Weather Watcher theme had our eyes to the sky. We learned about the water cycle, created colorful windsocks and watercolor painted goulashes. We had a Tornado Drill so that students know how to carefully & quickly get to our Safe Spot in the event of severe weather. Eric Carle was our featured author. Students imitated his bright colored illustrations making beautiful butterflies and purple cat bag puppets. We learned about the parable of the Sower and the Seed and reviewed the butterfly lifecycle. Thanks to ALL those that donated items for our "Family Fun" Gala basket. Mrs. Ross

Kindergarten

April Showers Bring May Flowers! This month our theme in science has been "wild weather."

Students learned about severe weather and how to prepare for and stay safe in storms. They also practiced describing the various characteristics of weather (wind, clouds, temperature, and precipitation) in order to make their own predictions about storms. We also studied solar eclipses. Students made model eclipses and oil pastel art projects. In Believe and Read, kindergarteners are learning all about digraphs. Students have been engaging in a variety of phonemic awareness, blending, and segmenting activities that incorporate our new digraph sounds. In Catechesis we celebrated the Liturgy of the Light. In our classroom we are celebrating the Easter season and reviewing the Annunciation and Divine Mercy that were celebrated this month.

God Bless, Ms. Schroers

1st & 2nd Grades

Our first and second graders are very busy learning about Erosion, Earth's surfaces and landforms in our Mystery STEM science classes. This week we will focus on What's strong enough to make a canyon! Our Social Studies Unit is about People Long Ago.

In first grade Math we are starting a chapter on Geometry, and second grade is working on telling time. It is so exciting to see the students come with their library books and talk about what they are reading. We are always decoding words in our readers. We are also learning grammar skills too.

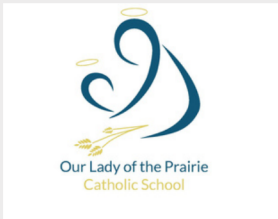

My favorite class to teach is Religion. It is always fun to ponder the deeper meaning of the parables and celebrate the Easter Season. Our second grader is preparing for his First Communion!

Blessings to everyone, Mrs. Hennen

4th/5th/6th Grades

Entering the 4th Quarter of the school year there is no skipping a beat in Mr. Lopahs' 4th, 5th, and 6th grade class! In Math students are reviewing all the material from the year and say "Wow, we have learned a lot!". In Language Arts students are completing yet another book report along with finishing up all the spelling lists. For Social Studies students have finished with the American Revolution and are now diving into our unit on Government and Good Citizenship. And in Science we owned Severe Weather Awareness Week by learning all about the extreme weather we experience in Minnesota. Mr. Lopahs
